thecompleteguideto

High-White 100% Recycled Inkjet Paper 80 & 90gsm

- A 100% recycled uncoated paper for inkjet applications
- A superior quality high-opacity, high-white, bright paper
- A smooth paper that compares favourably to conventional papers
- Suitable for monochrome and limited colour application
- Accredited with DIN6738 guaranteeing paper for archiving
- Uses only recycled material for carton, cores & bungs

Why use Recycled paper

- Removes 180,000 tonnes of waste from landfill every year
- Uses approximately half the energy of conventional paper manufacturing
- The process cleans, treats and oxygenates water before pumping back into the river
- Uses only bio-degradable cleaners in the process that brightens the paper
- Produced at a mill accredited with ISO14001, EMAS & CoC
