

Make a Constructive Start to the Year

Christmas may be over but at HPDesignjet.net
we are not finished with giving presents.

WIN the incredible LEGO® Architecture Studio!

Take part in our competition for a chance to
WIN the incredible LEGO® Architecture Studio
or a LEGO® City Construction Set!
One of these prizes could have your name on it..

findoutwhich.gdlnetwork.co.uk/rhyscoles

One of the new HP Designjet CAD plotters has your name on it..

findoutwhich.gdlnetwork.co.uk/rhyscoles

Check out HP's NEW 36-inch CAD printers and see how they've been built to suit your business..

ROBUST

For starters they're highly robust; they come with hard wearing, terrain busting wheels to cope with relocation from site to site plus a protective rubberised casing is available.

COMPACT

They have a small footprint. In fact the T830 is half the size of any other 36in multifunction (print / copy / scan) printer currently in the market so they'll stay out of your way when not in use.

WiFi CONNECTIVITY

It's easy to connect to the HP Designjet T730 & T830 as they create their own wireless network. Email the printer when you are on the go and pick up the finished print when you are back in the site office.

Call or e-mail Jess Gardiner to discuss these or any of HP's other Wide Format Plotters.

jess@gdlnetwork.co.uk 0118 948 0065

Entry deadline 29th February 2016. Entries made after this date will not be counted. Offers valid until 29th February. Please call for further details or visit hpdesignjet.net.
